General Information

We offer the use of our rehearsal room in the basement - affectionately called "The Cave" by artists - to independent collectives and individual artists for projects and residencies, subject to availability and individual agreement.

We ask for your understanding that we cannot make the space available on an hourly or daily basis. The minimum period of use is 3 days. Any costs incurred will depend on the duration and structural organisation of the project. However, the principle of solidarity applies, so the cost for the space also depend on the resources of the project participants, e.g. funding through grants, so that we can also make it possible for smaller projects to use our rehearsal space.

Details Basement

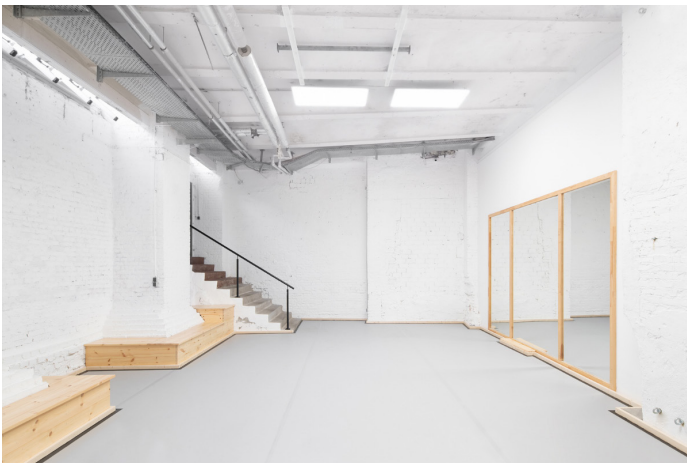

- size ca. 6 x 9 metres
- rigging bar with suspension point (height ca. 4,30 metres)
- 1 floor-point
- basic sound equipment (see list „Technical equipment“)
