CHAMÄLEON

New Year's Eve 2024

Wolf

Wolf is an impressive homage to the complexity of being human, our potential for change and the transformative power of the circus.

Circa's latest work brings together ten extraordinary artists who repeatedly test their limits in the two contrasting acts of the piece. The first part consists of sophisticated solo performances and duets that evoke images of freedom, control and connection. In the second part, the entire ensemble comes together to create intense choreographies of acrobatics and dance, full of rousing energy and physicality, accompanied by the intense compositions of musician and DJ Ori Lichtik.

The award-winning company Circa is at the forefront of the new wave of contemporary Australia circus - a pioneer in showing how extreme physicality can create powerful and moving performances. The ensemble continues to push the boundaries of the art form, blurring the lines between movement, dance, theatre and circus.
